## Officer Of the Day Duty (OOD)

The role of Officer Of the Day is very important in running the club's sailing programme. Safe sailing can only be maintained with good safety cover. To achieve this, **we require all adult sailing members to contribute their share of OOD duties**. This may include helping to run the race or, to provide safety cover, for which we provide tuition. The Committee tries to put OODs together in such a way that an inexperienced person is on duty with experienced people. If you are unable to undertake the OOD duty on your allotted day, it is important that you arrange a swap. It is your responsibility to do this and to update the sailing programme on the clubhouse notice board.

**We continually monitor OOD attendance to ensure that everyone contributes equally**
